The NCSA Deaf Children's Literacy Project invites you to discover how deaf children can learn the building blocks of English (phonemes), rhyming skills, and the language of their home through their eyes with cueing. Cued American English provides the foundation for language development and phonemic awareness that deaf children need for life-long English literacy and for meeting success with hearing aids and cochlear implants.

Beyond Beginners is an interactive workshop for those who have taken the beginner CAE class. Participants will line tune their Cued Speech skills and acquire the skills to leave the workshop and become a proficient cuer. The workshop will review the complete system and offer suggestions for developing your skills after the workshop.

An NCSA Certified Instructor will teach the class.

SPECIAL ACCOMMODATIONS NEED TO BE EMAILED TO INFO@CUEDSPEECH.ORG BY OCT 1, 2018.

Students are invited to join the NCSA for **Cues on Tap**
Saturday, October 20, 2018.

Exact location will be given in the class. Check the website at Cuedspeech.org for updates or the Cued Speech Facebook page.

**THIS CLASS IS BEING
OFFERED in Cooperation
with**
